## Distinguished Rotarians Visit Here

Bill Robbins, President of the Miami Rotary Club, shown with local President Ralph Kidder, brought some forty odd-out-of-state Rotarians to see the Glades agriculture last Friday.

Among the visitors was Warren Plawell, a banker of Panama, Ill. Mr. Plawell has visited 92 countries of the world and has made up Rotary meetings in twenty-two countries. Several incidents of international good will resulting from visit were told by Mr. Plawell.

## In Palm Beach It's \$25 "A Head" In Miami Beach, It Ain't; In Belle Glade It's Eight O'Clock Tonight

In Palm Beach the Kiwanis get together every year in an unmatched congregation of vocal and instrumental artists with other novelty acts interspersed and you pay \$25—but you get your money's worth.

In Miami Beach you might screen a few spots where a worthwhile act goes along with the liquid refreshments and a general of less importance than in Belle Glade.

In New Orleans, a schmeil no youngun or older should see and the others enjoy meet when they can't see, too well.

But in Belle Glade there's being offered tonight voices sweet and musical that evidence response to training; there will be top pianists in single, double and triplets; there'll be hula, classical and interpretative toe dancing. There'll be novelty numbers where quality of tone will be obliterated by volume and doddering grandpas will demonstrate how they "used to was". Your best laughs will be at the wrong time, as far as the actors are concerned, but you'll be proud of the entertainment we can make at the Little League.

There'll be some things and Rotarians singing their lustiest in the chorus.

All of this is "for fun" and any donation you may leave in addition to the imposed one at the door will bring a good cause to the Little League.

Be there and bring the kids, and grandma too.

Incidentally the printed program is worth the price of admission.

## Registration Will Continue Locally In Belle Glade

Dewitt Upthegrove asked the City Manager Tuesday about the county registration books and was told that "it's okay as it is". For two years the Secretary of the Chamber, Mrs. Edwina Young, has been registering folks out here whenever they wished to register.

In its consideration for the entire county since the court decision the County Commission got around to authorizing or directing that the books be sent out to country folks so that they could register without driving to the County Court.

## Elks Endowment Fund Growing For Harry-Ann Crippled Children

Circuit Judge Victor O. Welle of St. Petersburg, president of the Florida State Elks Association, told central Florida Elks here that half a million dollars has been raised for the three million dollar endowment for the Harry-Ann Crippled Children's Home at Umattila.

During the past 20 years, 2,000 patients have been treated at Umattila, Welle said.

## WEATHER SLOWS UP MOVEMENT OF CORN

It's getting the time of year when the average American yams for roasting, and it's getting the time of year when our sweet corn is maturing in increasing volume.

The coolish weather and rain has held back the maturing of some corn and didn't do the quality a lot of good, for the harvest.

## Local Exhibit Invited To State Garden Clubs Show As Outstanding

Run Of Mill Work Dubbed Excellent By State Chairman of Juniors

The showing made by the Juniors, under the supervision of Mrs. Johnny Robinson brings acclaim by Mrs. Elizabeth Calverline, Chairman of the State organizations Juniors in the form of "excellent". Others asked that the display of Mrs. E. A. McCabe composed of an Educational showing in African Violets be brought to the State Show as one of the "most outstanding" efforts of Florida's Garden Clubs.

In other departments our ladies gave the \$5 imported judges an "excellent", for there was no commercial "smell" to the arrangements, plants, blooms or other displays.

Over 350 persons, not including children were on the registry of the Belle Glade Garden Club's fourth Annual Flower Show, "The Parade of Years 1922-54", held Thursday and Friday in the First Baptist Church Recreation Room.

On entering the visitors were greeted at the door by one of the hostesses. A beautiful 3 tiered silver and white wedding cake graced the table, near the entrance depicting the 25th anniversary of the Club. A scene of the Everglades was staged to catch the eye on entering the room.

## Collins' Statewide Program Includes C&SF Flood Control

The government should speed up the Central and South Florida flood control program, State Sen. Leroy Collins said here last Saturday in a speech in behalf of his candidacy for governor.

Collins pointed out that work by the Federal government has lagged behind expectations.

"It's a shame that the Federal government hasn't kept pace with the development of private interests in the area," he said.

## Governor Johns To Visit County Fair Friday Afternoon

Acting Governor Charley E. Johns will pay an official visit to the Palm Beach County Fair Friday afternoon (today) and will be heard in a non-political address at 3 o'clock according to J. Robert Mischum, president of the Fair association.

The governor's visit will be the first time in the nine year history of the county exposition that a chief executive of the state has so recognized the Fair, Mischum said. In keeping with the county program demonstrated at the Fair in agricultural, industrial, commercial, home, school and governmental exhibits, Governor Johns will discuss the plans of the administration for roads, flood control and similar projects the county.

County Fair will be extended an extra day, through Sunday, it was decided, in order that residents from the far corners of the county might have an opportunity to visit the show on a holiday. Rain and cold over the last weekend closed the Fair Saturday night and kept many away on Sunday.

One of the biggest fireworks displays in the history of this county is scheduled for Fair ground tonight, Manager Allen said. Set pieces will be shown in the center of the Speedway track so patrons may use the grandstand.

Belle Glade Garden Club Flower Show Committee includes, seated in front row, Mrs. J. A. Spencer, Mrs. Louise Warren and Mrs. George Farnall. Standing behind them, Mrs. Charles Sperry, Mrs. Harry Peters, Mrs. Herbert Best, Mrs. Don Asbury, Mrs. Bob Brown, Mrs. Luther Jones, Mrs. Fred Brown, Mrs. C. C. Thompson, Mrs. Frank Harris, Mrs. C. A. Miller, Mrs. Ivan Van Horn, Mrs. E. A. McCabe and Mrs. George Rogers. The table arrangement at Mrs. Ray Hale, above, received the television set and the plant exhibit by Mrs. Eugene Rogers, each in the class. The top center is the most and award.

## Refresher Course By Father Petrie

Beginning next Sunday at 6 p.m. Father John Clarence Petrie, vicar of St. John the Apostle Episcopal Church, Belle Glade, will give a talk each Sunday night on the Teachings and Practice of the Episcopal Church. This will precede the Lenten Evening Prayer which is being held from house to house in the homes of mem-

bers. Next Sunday night the session will be held at the home of Mr. and Mrs. Ed Lively. The Evening Prayer service will follow at 7 p.m. All who wish to be confirmed under Bishop Martin J. Brennan in May are asked to attend the series. Any others interested in Episcopal teachings are invited. This includes confirmed communicants who wish to brush up on their theology and liturgy. At the 7 p.m. service Father Petrie is discussing the book of the Prophet Jeremiah as this is

the book which is being read in course each day at Evensong as ordered by the Book of Common Prayer. Next Sunday at 9 a.m. Father Petrie will preach the fifth in his current series on "The Life of Christ," speaking on "The Sermon on the Mount." The service will be held in the Belle Glade Woman's Club building.

### REV. BARTGES TO SPEAK TO PRESBYTERIAN MEN

The Men-of-the-Church of the Everglades Presbyterian Church

## He Leadeth Me

A Governor's son discovers a hymn he wrote

In the spring of 1855 a young minister took his seat on the pulpit of the Second Baptist Church at Rochester, N.Y. About to preach his first sermon before a New congregation, he stumbled through a hymn to select an impressive song. Over the book he had selected, his eyes widened. Then he smiled. His wife must have played a prank on him. His thoughts went back to a night three years earlier.

It was March 23, 1852. The nation was in turmoil. The War Between the States had swung into its tragic stride. Abraham Lincoln had issued his Emancipation Proclamation and no one knew where the struggle might lead. Everywhere men were praying for divine guidance. In Philadelphia the bloodshed was still fresh. Hampshire made a talk before a group that had gathered at the First Baptist Church for prayer.

He leadeth me O blessed thought!  
O word of Heaven! God's love I grasp!  
Whither I do, Whither'er I be,  
Since 'tis my God that leadeth me.

Sometimes 'mid scenes of deepest gloom,  
Sometimes when Satan's powers are strong,  
By waters still, or'er troubled seas,  
Still 'tis my God that leadeth me.

THIS new '54 GMC light-duty wasn't born just to win beauty contests. Sure, its sleek lines, full-width grille and panoramic windshield are handsomely un-trucklike. There's the same dashing air about the inside, too. Two-tone color scheme, "Hammonizing" supple-leather upholstery, Starm instrument panel, with dials clustered for instant reading. But make - take another look! A burly, brawny brute of an engine - a real truck engine - makes you think of a Miss America who also can bend horseshoes. 175 horsepower says that this beauty can belt a top load with ease and dash! That's more power than some makers pack into their two-ton models. That's more usable power than in any other 6-cylinder engine in its class! And its wide, deep box holds at least 8 cubic feet more than the roomy '53 model. That tail gate is grain-tight - and sand-tight. Finally, it offers Truck Hydra-Matic Drive that saves you, saves your cash, saves your time. (Note to the luxury-minded: there's a DE LUXE model at extra cost, with chrome grille and trim, two-tone paint, curved rear corner windows - like works!) Come in and drive this great GMC. # THE UNITED STATES POLL

## EISENHOWER'S POPULARITY UP AGAIN—MORE POPULAR TODAY THAN YEAR AGO

By Kenneth Fink, Director, Princeton Research Service. Eisenhower is more popular today with rank and file American voters than he was a year ago.

The latest United States Poll popularity check shows that

more than seven out of every ten of the nation's voters (72%) approve of the way the President is handling his job in the White House.

This is an increase of 3 points since mid-January when his popularity index stood at 69%.

A year ago, the United States Poll Eisenhower popularity barometer registered an approval vote of 65%. By April it climbed

to 74%. In July it registered 71%, in October, 73%, and last November, it dropped to 64%.

When United States Poll staffers asked a representative cross-section of the nation's voters:

"Do you approve or disapprove of the way Eisenhower is handling his job as President?"

These were the results:

**Eisenhower Popularity, Nationwide**

Approve 72%  
Disapprove 23%  
No opinion 6%

In mid-January, 69% approved, 34% disapproved; 7% expressed no opinion.

Highlight of today's survey findings is that the President's popularity has risen a total of 5 points among independent voters across the nation since the previous survey.

At the present time, more than seven out of every ten independent voters (73%) approve of the way Mr. Eisenhower is handling his job.

**Independent Voters, Nationwide**

Approve 73%  
Disapprove 22%  
No opinion 5%

Seven weeks ago, Independent voters across the nation voted as follows: Approve 68%; disapprove 27%; no opinion 5%.

Among Democratic voters, Eisenhower's popularity has jumped 4 points since the previous survey.

Today a majority (55%) of Democratic Party members in the nation approve of the way the President is handling his job.

**Democratic Party Members Nationwide**

Approve 55%  
Disapprove 37%  
No opinion 8%

The January survey showed the Democratic vote as follows:

Approve 51%; disapprove 39%; no opinion 10%.

And among GOP voters across the country, nine out of every ten (90%) gave the President a definite nod of confidence — a 2 point jump since mid-January.

**GOP Members Only, Nationwide**

Approve 90%  
Disapprove 6%  
No opinion 5%

In January, the United States Poll showed GOP sentiment as follows: Approve 88%; disapprove 7%; no opinion 5%.

Today's results do not necessarily mean that 72% of the nation's citizens would vote for President Eisenhower if an election were held today. (He received 58.1% of the total vote in the Eisenhower-Stevens election in November, 1952.)

It does, however, mean that the rank and file of voters across the country presently approve of the man they elected to the nation's highest office on Election Day, November 4, 1952.

**ODDITIES IN NATURE**

AUDUBON FILM SUBJECT

Why doesn't a spider become entangled in its own web? How does the opossum carry its young? These and other "Oddities in Nature" will be explained in an Audubon film of that name by Walter H. Shackleton who speaks in the auditorium of the Society of the Four Arts in Palm Beach on Thursday, March 18, at 8:30 pm.

This film is the fourth of a series of screen tours which the Audubon Society of the Everglades is sponsoring under the management of Henry J. Burkhardt, screen tour chairman.

Mr. Shackleton's moving picture film was taken by him on his 200 acre tract "Sleepy Hollow" near Louisville after his retirement from business in 1948.

He discovered in experimenting with photographing birds and animals on his farm that many of the usually overlooked small creatures of swamp and woodland make fascinating subjects for his discovery resulting in the absorbing color film "Oddities in Nature."

On Thursday afternoon a selected group of public school students will hear the same lecture at Conniston Junior

High School, this part of the Audubon work being under the direction of Rudolph Tomasello.

Wilbur C. King of Zolfo springs this week announced his candidacy for re-election to the State Railroad and Public Utilities Commission in Group 1.

King, a citrus grower and cattle-rancher, is a former state senator and one-time president of the Florida Association of County Commissioners. For many years he was a member of the town council of Zolfo Springs where he was a merchant.

"I can appreciate the vast importance of adequate transportation, electric and communication services," he said, "because I have lived in a rural area, growing citrus, vegetables and cattle. In my services on this commission I have actively sponsored needed expansion and reasonable regulation of these services for the rural as well as the urban communities. I would like to continue to devote time and energy toward more gains in public service throughout the state."

Florida has made tremendous strides in the past few years in attracting new industries, bringing in millions of additional tourists and in attracting permanent communities of retired persons and their families and friends. I am happy to have had a part in getting public transportation, electric utilities and communication services in these areas of great growth. I hope to be able, as a member of this commission, to keep encouraging the movement of industries and people to Florida."

King said his policy has been to insist upon utility and transportation rates "as low as possible, in keeping with the services rendered and revenues necessary for the tremendous expansion to keep pace with the population and a industrial growth in Florida."

He pointed out that transportation, communications and elec-

tric and gas utilities in the state represent total investment of around two million dollars. As an indication of the growth of our state, Commissioner King reported that the telephone companies alone have budgeted \$50,000,000 for expansion of their facilities and services during this fiscal year.

Electric utilities also have budgeted even more to expand their services in this current year; partly as a direct result of alert and devoted work by this Commission, he added.

"The proper regulation of these utilities affects the home and business of every citizen in the State of Florida," Commissioner King emphasized. "On the basis of my record on the Florida Railroad and Public Utilities Commission, I offer myself as a candidate for re-election in Group 1 on May 4."

### WASHINGTON NEWS LETTER

A major battle is shipping up in this Congress over basic policies regarding a subject that is taxing every citizen's heart — taxes.

The issue was raised last week when Senator George took the initiative by proposing an increase in personal exemptions from the present \$600 to \$800, and a year later \$1,000. There is a great deal to be said for this approach to the problem.

The Administration has proposed a tax program which would give major relief to big business, and minor relief to low income taxpayers. It is obvious a move to give 50 percent of the reductions to 5 percent of the people is not acceptable. To meet the threat of a recession, it would serve even corporations better to hike relief to low income groups, thus increasing purchasing power where it immediately will be used and of course forcing production (and employment) upward.

To the discussion I have already added my own bill to authorize nursing care deductions for working mothers, a provision approved by the House committee along with a pro-

posal to increase medical expense allowances. I am also proposing repeal of the transportation tax, relief particularly desired in Florida where it might be reflected in increased travel and tourist trade.

### JACK GECKLER IS INTERIM TEACHER IN GAINESVILLE AREA

Among the eighty-four University of Florida students majoring in secondary education beginning a ten week period as interim teachers in schools throughout the state this week is Jack Geckler, 21, son of Mr. and Mrs. William Geckler who reside at 557 SW 16th street, Belle Glade. Jack is Cadet Major in ROTC Air Force and will graduate in June. He will be assigned to school in the Gainesville area, Alachua.

For the majority of these students, the ten-week period of internship represents the last semester of work in preparation for teaching professions. While in the field, interns assume re-

sponsibilities along with the supervising teachers in every phase of teaching, including routine duties, work with students, community participation, attendance at professional meetings in school and county, and some cases, regional meetings.

**Take it Easy**  
you don't have to prove a thing!

Let's be sensible about this subject of horsepower. An all-American tackle doesn't go around tackling people in everyday life. A world-record sprinter doesn't have to demonstrate his prowess on city sidewalks. The better you are, the less you have to prove it. And that's how it is with a Buick CENTURY. Of course it's a spectacular performer — a car with instantly responsive action. It has to be, for this one combines a high-compression 200-horsepower V8 engine with a nimble weight of only 3665 pounds as it comes off the assembly line. That's a power-to-weight ratio that chalks up a new record — a ratio that no other Buick has ever reached before. It can spin your wheels on a dry pavement if you give it the gun, but why waste rubber? If some show-off wants to get the jump on you at a traffic light, why not let him have fun? He isn't kidding anyone but himself, when the name on your car is CENTURY. The real pride of owning such a car is
